

Note: I've heard about how great the staff and everything about your office for years. Literally years honestly! But when an employee speaks so high of their employer / coworkers and radiates so much confidence I know I had to give you guys a try. Best choice I've made in awhile!!! Sincere thanks to Maria :)

Dear Dr. Tram & staff,

THANK YOU so much with evaluating my teeth and fixing my front 4. I love them! Usually my anxiety is thru the roof before I even get to the dentist office but thanks to "Maria" re-assuring me of the excellent staff and care you guys provide I was actually quite calm even on my first visit which I've been known to run out and leave because of my anxiety. I found everyone to be extremely professional, happy and confident in their jobs, and sincere when they asked how I was doing or offering to help. Sincerely,
Penny C. Reynolds
